

THOMAS
& FRIENDS

Hello, Thomas!

Hello, Thomas!

Thomas is the number one engine on the Island of Sodor. He loves to have fun and always tries to do his best.

**Peep!
Peep!**

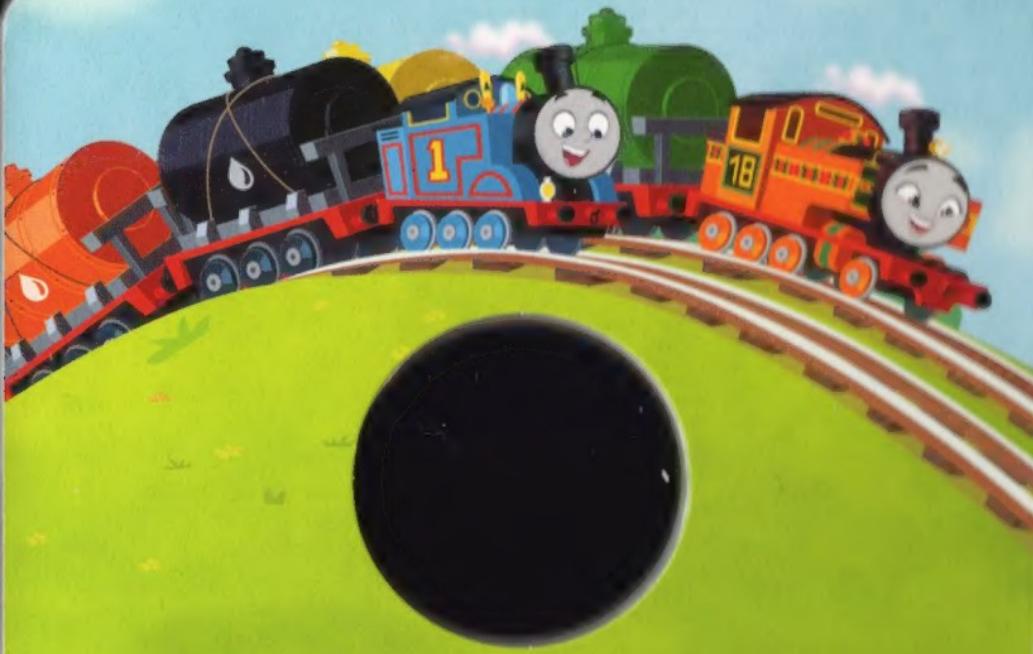

Thomas and his friends start their day at Tidmouth Sheds.

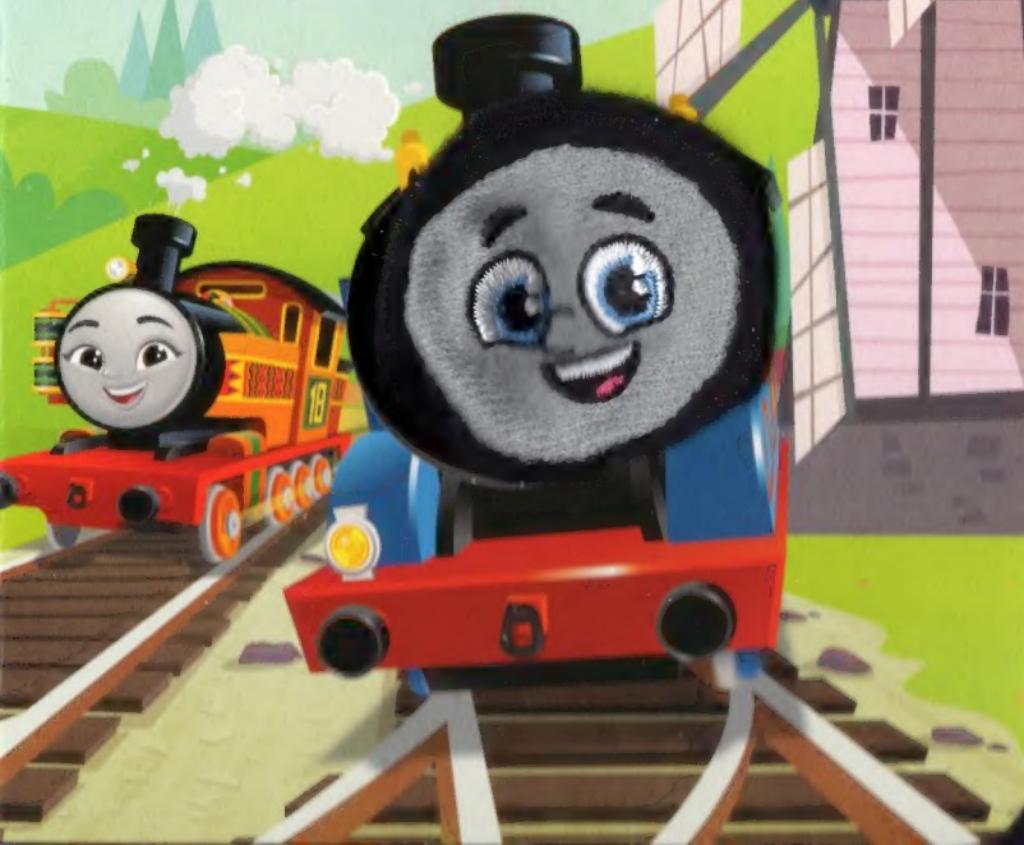

Let's get rolling!

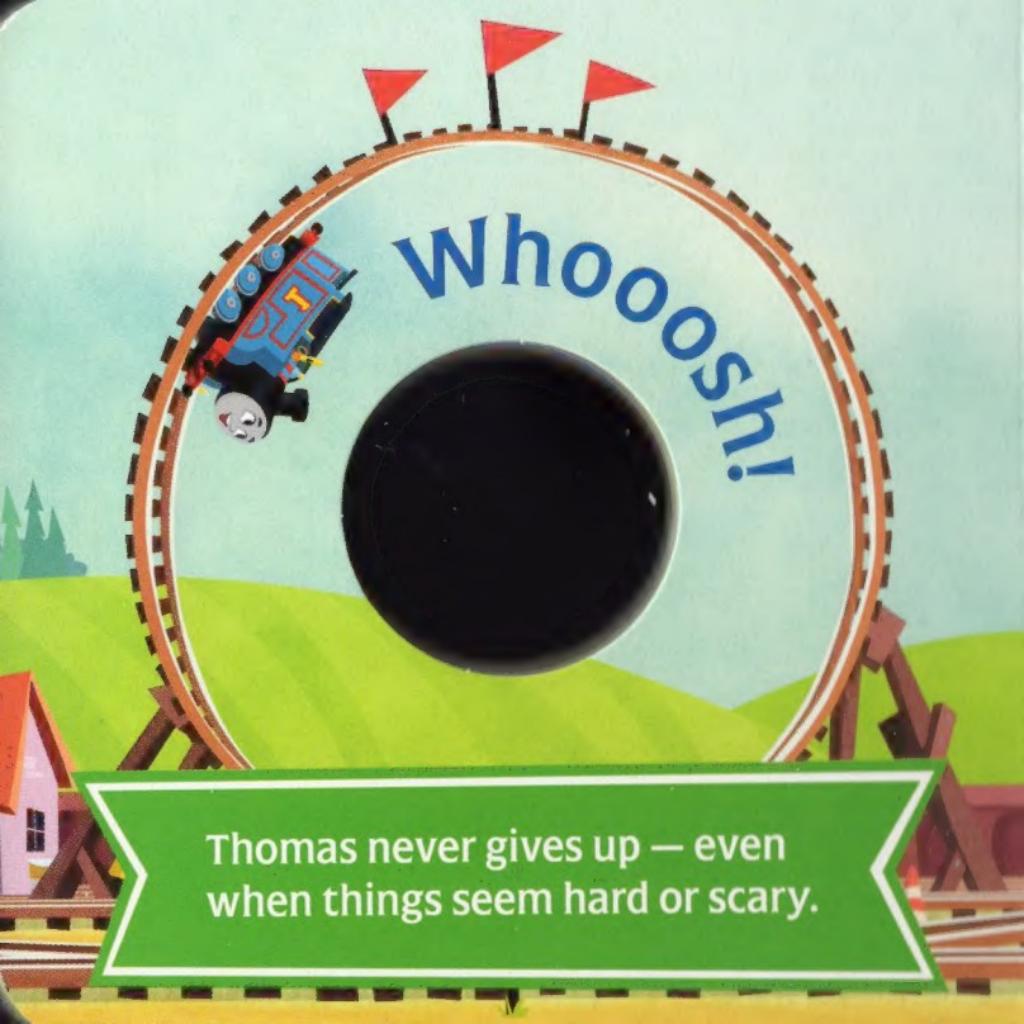

Can Thomas and Nia get these tankers delivered on time? Of course they can!

**When you work as a team,
you can do anything!**

A colorful illustration of Thomas the Tank Engine on a wooden roller coaster track. Thomas is blue with a red front, yellow headlight, and a smiling face. He is moving along a track that curves upwards towards a large, dark circular tunnel entrance. The tunnel is framed by a brown wooden structure. Above the tunnel, three small red flags fly from flagpoles. The background shows green rolling hills under a light blue sky.

Whooosh!

Thomas never gives up — even when things seem hard or scary.

When Thomas makes a promise, nothing can stop him from getting the job done!

**chugga,
chugga,
woo hoo!**

Thomas and his friends
are always ready for
an adventure!

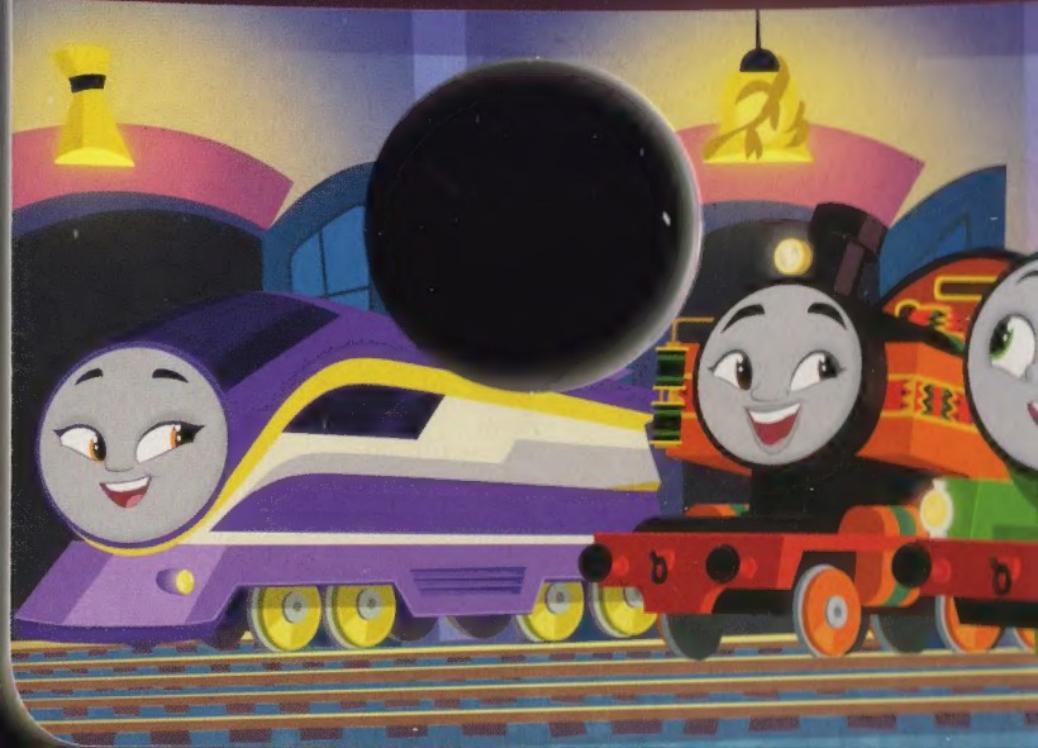

And they love to explore
new places together.

Full steam ahead!

After a busy day, Thomas and the other engines head back to the shed.

Every day is an adventure when
you're with friends!
